

Panduan Kemaskini Windows Patch untuk Windows XP /7

1. Semak jenis sistem windows yang digunakan

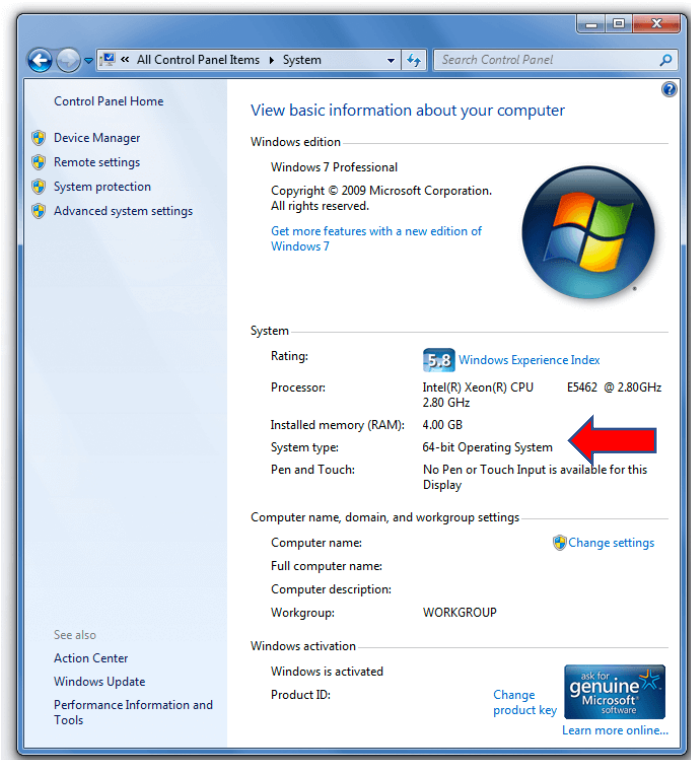

a) Windows XP (service Pack 3)

- My Computer – Klik kanan mouse – pilih properties

b) Windows 7 (32 bit/64bit)

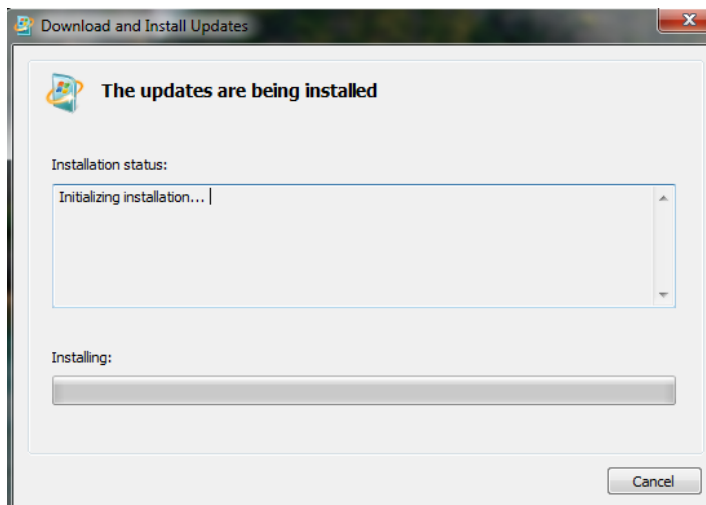

- Start – Control Panel – System and Security – System

2. Muat turun security patch dari laman web (software.kk.usm.my)

Memuat turun security updates berdasarkan jenis system windows yang anda gunakan samaada 32bit/64bit

3. install security patch

4. Selesai proses instalasi klik 'restart now'
